ADELIE CONSTRUCTION

Change Order Tracker

Document every proposed change before added work affects cost or schedule.

HOMEOWNER PLANNING TOOL

Project name: _____

Property address: _____

Date started: _____ Target start: _____

Use this workbook to organize questions and decisions before they become expensive field changes. It is a planning aid, not project-specific legal, design, engineering or code advice.

Plan and Verify

Change number and request date

Reason for the change

Detailed added or removed scope

Coordinate the Work

Labor and material price

Schedule impact

Supporting plan, photo or selection

Document and Close Out

Owner approval date

Work completion status

Updated contract total

Questions for ADELIE

Use this space for decisions that require a site visit, drawings, trade input or a written proposal.
