ADELIE CONSTRUCTION

Homeowner Remodeling Master Checklist

Track the essential decisions from first ideas through project closeout.

HOMEOWNER PLANNING TOOL

Project name: _____

Property address: _____

Date started: _____ Target start: _____

Use this workbook to organize questions and decisions before they become expensive field changes. It is a planning aid, not project-specific legal, design, engineering or code advice.

Plan and Verify

Goals, priorities and working budget

Plans, scope and contractor selection

License, insurance and references

Coordinate the Work

Permit and selection responsibilities

Payment and change-order controls

Site protection and communication

Document and Close Out

Progress photos and decision log

Punch list and final inspection

Warranties, releases and care records

Questions for ADELIE

Use this space for decisions that require a site visit, drawings, trade input or a written proposal.
