ADELIE CONSTRUCTION

Post-Remodel Maintenance Guide

Protect new work with documented care routines and warranty records.

HOMEOWNER PLANNING TOOL

Project name: _____

Property address: _____

Date started: _____ Target start: _____

Use this workbook to organize questions and decisions before they become expensive field changes. It is a planning aid, not project-specific legal, design, engineering or code advice.

Plan and Verify

Collect product care instructions

Record paint and grout colors

Schedule sealant and caulk checks

Coordinate the Work

Clean filters and ventilation

Use approved surface cleaners

Monitor plumbing connections

Document and Close Out

Store spare tile and hardware

Track warranty contacts and dates

Photograph and report concerns promptly

Questions for ADELIE

Use this space for decisions that require a site visit, drawings, trade input or a written proposal.
