ADELIE CONSTRUCTION

Project Photo Documentation Checklist

Create a useful visual record before, during and after construction.

HOMEOWNER PLANNING TOOL

Project name: _____

Property address: _____

Date started: _____ Target start: _____

Use this workbook to organize questions and decisions before they become expensive field changes. It is a planning aid, not project-specific legal, design, engineering or code advice.

Plan and Verify

Wide photos of every affected room

Existing damage and adjacent finishes

Utility and shutoff locations

Coordinate the Work

Open-wall plumbing and wiring

Framing and waterproofing stages

Product labels and model numbers

Document and Close Out

Inspection and correction items

Punch-list details

Completed work and closeout condition

Questions for ADELIE

Use this space for decisions that require a site visit, drawings, trade input or a written proposal.
