

ADU Planning Workbook

Organize feasibility questions, utility needs, design priorities and permit preparation before committing to an ADU project.

BUILT ON TRANSPARENCY. CRAFTED TO LAST.

1. Property and Project Goals

Property address and jurisdiction

Primary intended use

Preferred size / bedroom count

Target completion window

2. Early Feasibility Questions

☐ Setbacks and lot coverage reviewed

☐ Parking impacts considered

☐ Fire access considered

☐ HOA restrictions checked

☐ Access for construction

☐ Utility capacity reviewed

☐ Existing easements identified

☐ Survey information available

3. Program Requirements

Kitchen			
Living area			
Bedroom(s)			
Bathroom(s)			
Laundry / storage			

4. Professional and Agency Coordination

Site / zoning review			
Design / drafting			
Structural engineering			
Energy documentation			
Utility coordination			
Permit submittal			

5. Budget Categories

Design / engineering		
Permits / fees		
Site work / utilities		
Building construction		
Finishes / appliances		
Contingency		

6. Consultation Notes

Questions for ADELIE

Documents to gather

Next step and target date

Planning note: This document is an educational tool. Project-specific pricing, permit requirements, code, engineering and schedules must be verified for the property and scope.
