

Project Photo Documentation Checklist

Create an organized visual record before, during and after construction.

HOMEOWNER RESOURCE

Use this resource to organize decisions and prepare for productive conversations with your contractor, designer and local building department.

Before Construction

- Wide view of every room
- Close-ups of existing damage
- Walls, ceilings and flooring transitions
- Utility panels and shutoffs
- Adjacent areas that will remain
- Exterior access and staging areas

During Construction

- Open walls before concealment
- Plumbing and electrical rough-in
- Framing and structural connections
- Waterproofing stages
- Insulation and fire blocking
- Inspection approvals or corrections

After Construction

- Same angles used before construction
- Finished details and hardware
- Mechanical and electrical equipment labels
- Serial numbers for major products
- Final condition of access paths and adjacent areas

Project Notes

Educational resource only. Costs, schedules, permit requirements and construction methods vary by property, scope and jurisdiction. Confirm project-specific requirements with qualified professionals and the applicable authority.
