ADELIE CONSTRUCTION

Choosing the Right Contractor

Compare contractors on verified qualifications, scope clarity and project controls.

HOMEOWNER PLANNING TOOL

Project name: _____

Property address: _____

Date started: _____ Target start: _____

Use this workbook to organize questions and decisions before they become expensive field changes. It is a planning aid, not project-specific legal, design, engineering or code advice.

Plan and Verify

Active license and insurance

Relevant completed projects

Named supervisor and communication plan

Coordinate the Work

Detailed inclusions and exclusions

Allowance and owner-purchase rules

Payment schedule tied to progress

Document and Close Out

Written change-order process

Permit and inspection responsibility

References and warranty terms
