ADELIE CONSTRUCTION

Contractor Interview Checklist

Use the same practical questions in every contractor conversation.

HOMEOWNER PLANNING TOOL

Project name: _____

Property address: _____

Date started: _____ Target start: _____

Use this workbook to organize questions and decisions before they become expensive field changes. It is a planning aid, not project-specific legal, design, engineering or code advice.

Plan and Verify

Who will supervise daily work?

How are schedules communicated?

How are selections and allowances tracked?

Coordinate the Work

Who obtains permits and inspections?

How are hidden conditions documented?

When are change prices approved?

Document and Close Out

How is the occupied home protected?

What closeout documents are provided?

Can recent comparable clients be contacted?

Questions for ADELIE

Use this space for decisions that require a site visit, drawings, trade input or a written proposal.
